Students must complete the Communications Module during the first year of their study. If English is not your first language, then you should complete the English as a Foreign Language module in your first term.

If at any stage during your course you require information on a QQI module, you can.

Google QQI + (course code) and you will get a course outline of the certificate or module as you require. Example if you need the course outline for Animal Husbandry 5N1898 just Google QQI 5N1898
