This Schedule may change slightly up until September 2022

Students must complete the Communications Module during the first year of their study. If English is not your first language, then you should complete the English as a Foreign Language module in your first term.

If at any stage during your course you require information on a QQI module, you can.

Google QQI + (course code) and you will get a course outline of the certificate or module as you

require. Example if you need the course outline for Animal Husbandry 5N1898 just Google QQI 5N1898
